

## CS-310ES Chainsaw

*Easy Start  
makes for almost  
effortless starting*

ECHO's CS-310ES is an entry level saw with "no compromise" professional build quality. It has a premium quality 30.5cc Power Boost Vortex™ engine for both power and durability. The top-mounted air filter is positioned away from dirt and debris for better filtration.

Easy Start spring-assisted starting requires minimum effort - a warm engine only requires a short pull on the recoil rope. The CS-310ES has a dual-post chain brake for increased durability, while the automatic oiler delivers optimum lubrication.

A top-mounted air filter is positioned away from dirt and debris for better filtration

## FEATURES

## BENEFITS

Premium grade ECHO engine

Reduced wear means increased durability and extended engine life

Dual-post chain brake handle

For increased durability

Automatic oiler

Delivers optimum lubrication

Side access tensioning

Allows easy chain adjustment

G-Force engine air pre-cleaner

For reduced air filter maintenance

ES Easy Start system

Spring-assisted starting requires minimum effort

Warm engine starting only requires a short pull on the recoil rope

Air filter system

Top-mounted filter is positioned away from dirt and debris for better filtration

Digital C.D.I.

Gives smooth, quick acceleration and stable idle

Stage 2 low emissions compliant

Reduced exhaust emissions

*Use ECHO products with ECHO's own high quality blend oils,  
for maximum performance*

## Extensive warranty

ECHO power tools come with a **five year domestic warranty** or a **two year warranty** in professional use. For the domestic user there is the total reassurance of using equipment designed and built for professionals, and a five year warranty offers even greater peace of mind (registration of ECHO products and servicing are necessary to validate the warranty).
