

## CS-280TES Top Handle Chainsaw\*

**\*For trained  
tree surgeon  
operators only**

ECHO's CS-280TES is built for the professional user and has a new 26.9cc engine. The chainsaw's increased engine output of 1.04kW means it has a 9% higher cutting performance in comparison to its predecessor, the CS-260TES. It is also Stage 2 emissions compliant.

The wrap-around handle is designed to encourage industry best practice, requiring the operator to use both hands. This also helps to make it comfortable to use for extended periods of time.

The side access tensioning is easily accessible for chain adjustments. It is supplied with a 25cm guide bar.

### ECHO Innovation: Easy Start

Denoted by the ES symbol on the chainsaw, Easy Start minimises the effort required to start the engine. With Easy Start the pulling power needed on the starter rope is greatly reduced compared to other makes, with no kick-back effect in cranking.

### High Power & Excellent Cutting Performance

	CS-260TES	CS-280TES
Engine displacement	26.9cc	26.9cc
Output	0.86kW	1.04kW
Emission	ST1	ST2

### SPECIFICATIONS

Displacement	26.9cc
Dry weight*	3.0kg
Output	1.04kW
Guide bar length	25cm (10")
Fuel tank capacity	0.24 litres

\* without guide bar and chain

*ECHO's bar and chain oil  
provides excellent lubrication  
and ensures a smoothly  
performing chain*

## CS-280TES PROFILE

### ▶ CATEGORY

Top Handle Chainsaw

### ▶ APPLICATION

Pruning and arboriculture

### ▶ TARGET CUSTOMER

Homeowner

Prosumer

Commercial operator

Local authority

## FEATURES

## BENEFITS

Premium grade ECHO engine

Reduced wear means increased durability and extended engine life

Automatic clutch related oiler

Delivers optimum lubrication

Side access tensioning

Allows easy chain adjustment

G-Force engine air pre-cleaner

For reduced air filter maintenance

Digital C.D.I.

Smooth, quick acceleration and stable idle

Air filter system

Rear filter is positioned away from dirt and debris for better filtration

Easy, tool-free access to air filter

ES Easy Start system

Minimum effort required to start engine

Faster starting

Stage 2 low emissions compliant

Reduced exhaust emissions

*Use ECHO products with ECHO's own high quality blend oils,  
for maximum performance*

## Extensive warranty

ECHO power tools come with a **two year warranty** in professional use (registration of ECHO products and servicing are necessary to validate the warranty).
